

The Kill Light®

The Outfitter™ Solar Powered Motion Activated Light

1. LED Panel
2. Battery
3. On/Off Rocker Switch (varies depending on production date)
4. Auxiliary Port (varies depending on production date)
5. Solar Panel
6. Mode Selector Button (varies depending on production date)

On models without the on/off rocker switch, you will need to jump the pins on port 3 (connect them together).
